

# Hartnell College To Celebrate Homecoming Tomorrow

## PANTHER SENTINEL

Volume XXIII

Salinas, California, Friday, October 16, 1953

Number 5

### Hartnell Flying Club Trains Students Cheaply

Students interested in flying as a hobby or as a career should look into the advantages of belonging to the Hartnell Flying Club.

The students of the club learn to fly with the purpose of obtaining a private pilot's license, and it costs less than half the amount of money you would have to spend if enrolled in a regular commercial school.

Forty hours of flight training, eight of dual control and thirty of solo, must be spent in order to obtain a private pilot's license enabling you to take up passengers.

The cost of joining the Flying Club includes \$15 for a club membership, \$2 a month dues for hangar rent, etc., and \$2.40 per flight hour for gas and the use of the plane. The total cost amounts to about \$140 per year.

The half-hour lessons are arranged to suit the free time and convenience of the student at the Salinas airport, where several instructors are on hand.

The next club meeting will be held at noon on the first Tuesday of November. It will be an organizational meeting to elect officers. Students who would like to obtain more information about the Flying Club should contact Mr. Peavy, the club advisor.

### Hartnell Student Maria Manuela Has Radio Show

Hartnell student Maria Manuela who came here from Portugal to study, now has her own radio program on local station KSBW.

Miss Manuela taught elementary school in Portugal before coming to the United States, and she speaks four languages fluently. She writes her own script for the program, which is done in Portuguese. Included in the program are news, music, and advertising.

The first program, on the air last Sunday, featured the introduction of Miss Manuela by Hartnell President John B. Lemos (in English).

### Current Events Class Starts

Starting Monday, October 26, there will be two sections of a new course called Political Science 45 offered.

This one unit current event class will be given on Tuesdays and Thursdays at 1 o'clock. If enough students are interested in adding an extra unit to their program, a possible third section of this class will be given on Wednesdays and Fridays at 3 o'clock.

If you would like to enroll in this class sign up in the main office any time before October 23.

#### NOTICE

Since the Hartnell Junior College District absorbed all the charges connected with the classes in swimming, they are refunding the balance of the deposit which the students made during the school year 1953-4.

### Arlene Mill Will Reign As Queen Over Homecoming Day Activities

ARLENE MILL  
... Homecoming Queen

### Hartnell Bus Breaks Down

The Hartnell students from Santa Cruz and Watsonville riding on College Bus 26 last Monday were somewhat delayed in getting to college. The bus broke down just as it reached the city limits of Salinas.

Just as the bus entered the city the oil pump failed, and the engine seized. Resultant damage included a burned-out main bearing and a warped connecting rod and crankshaft.

Another bus was dispatched to bring the students the rest of the way to the college, and the regular run is being taken by Bus 27 (using the driver of No. 26) until the damage can be repaired.

The bus which failed was the only one on the Hartnell runs to bear the name "Hartnell College" painted on the side.

The other buses used by the college also suffered a rash of run-down batteries recently, but there were no other serious breakdowns.

### FLASH! Homecoming Queen

ARLENE MILL

### Attendants

ROSITA BORJA  
JACKIE CAMPIDONICA  
MARY GRIFFIN  
KAROL KLAUER

Hartnell College's 27th annual Homecoming will get under way Friday with the coronation of Homecoming Queen.

Five finalists remain out of 12 candidates nominated for the title of queen. Four of the finalists, Arlene Mill, nominated by Associated Women; Mary Griffin, nominated by

### Four Finalists Are Attendants

The Homecoming Queen for 1953 Homecoming Day celebration will be announced at the 11 o'clock coronation proceedings today.

The winning girl was elected by the student body in the final elections held earlier this week. The five finalists whose names were on the last ballot were selected by the students in the preliminary voting, on October 8 and 9.

The twelve girls originally entered as candidates were Virginia Randolph, for Alpha Gamma Sigma; Sue Crawford, for the Men's Club; Joan Hicks, for the Rooters' Club; Linda Robbins, for the Colhecon Club; Mary Griffin, for the Newman Club; Arlene Mill, for the Associated Women Students; Beverly Hargraves, for the Music Club; Rosita Borja, for the International Club; Jackie Campidonica, for the W.A.A.; Karol Klauer, for Alpha Delta Epsilon; Louise Lapineg, for the Hawaiian Club; Yvonne Fagundes, for the Young Farmers.

The five finalists selected to compete in the October 14 elections were Rosita Borja, Jackie Campidonica, Mary Griffin, Karol Klauer, and Arlene Mill.

The four finalists not selected as queen will serve as her attendants in the Homecoming Day ceremonies tomorrow.

### Paper Needs More Reporters

Despite the addition of several new members to the staff of The Panther Sentinel, more reporters are still needed.

Reporters are needed to cover both sports and news, as well as feature articles. Experience is desired, but is not a requirement. The only requirements are some free time and a little interest in writing for the paper.

Students may enter the class for credit, or they may do the work in their spare time as a sideline. Hours can be arranged to fit the spare time of the student.

Newman Club; Karol Klauer, who was named by Alpha Delta Epsilon; and Rosita Borja, representing the International Club, are from Salinas. The other finalist is Jackie Campidonica of Merced, representing the Women's Athletic Association.

Election of the Homecoming Queen was held Wednesday and Thursday by the students. In addition to the queen coronation, the Hartnell Homecoming will include class reunions, alumni association dinner, football game between Menlo J.C. and Hartnell, and a Homecoming dance.

President John B. Lemos said today that he believes the 1953 Homecoming will be the largest ever held at the college. "We cordially invite not only the alumni but our other friends and neighbors to join with us in this Homecoming celebration," he declared.

The Homecoming schedule follows:

#### FRIDAY

11 a.m.—Coronation of Homecoming Queen.

#### SATURDAY

1 to 4 p.m.—Registration on campus. Movies of 1952 Junior Rose Bowl game will be shown and there will be a tea sponsored by A.W.S.

4 to 5 p.m.—Cocktail hour. Classes, 1920-30, Lew Ellens; 1935, Shalimar; 1940, Hotel Jeffery; 1945, Cominos; 1950 and all other alumni, Santa Lucia Inn.

5:30-7:30 p.m.—Dinner, Santa Lucia Inn.

8 p.m.—Homecoming game, Hartnell vs. Menlo.

10:30 p.m. to 1 a.m.—Homecoming Dance, men's gymnasium, with presentation of "Most Valuable Player" award.

#### BAND HAS COMPETITION

The Hartnell band this Saturday night will have some stiff competition from the fraternal Shriners' Marching Band who will be playing on the Menlo side. From 7 to 7:30 p.m., the Shriners will give us a showing by a demonstration in marching and in band playing.

The gates open at 6:00 p.m. and the game starts at 8:00.

### Hartnell Homecoming Day Tomorrow

#### Harts vs. Menlo

#### NO PARKING

All students are reminded that cars are not to be parked in any of the red-painted areas in the parking lot. The red area in the near corner of the lot is reserved for the station wagon, and the other space is for the school buses.

Also, students are requested NOT to park on the far side of Homestead Avenue, in front of the residences there.

## THE EDITOR'S VIEWS

Tomorrow is Hartnell's Homecoming Day for 1953—the day when Hartnell welcomes back to the college the alumni who have left and gone on to further achievements.

The alumni of any college are those who have built up the traditions that now exist, and what they have done in the past has a great influence on what we do now. Hartnell has a great background of responsible students who have done much to make it a good college, and many of the former students have gone on working for the college as members of the Alumni Association. I am sure that all students of Hartnell join me in welcoming back the college alumni on this Homecoming Day

Hoping you'll excuse me if I now complain a little. I'd like to state the The Panther Sentinel has had great difficulty in obtaining adequate cooperation from some of the clubs. The difficulty in obtaining Homecoming Queen candidate photos from many clubs delayed

the printing of the paper last week and forced its release in the afternoon rather than at the regular time in the morning.

I realize that many clubs have barely been organized and that much of the difficulty arose from that, but I'd like to request that each club appoint a press agent to supply the paper with news about club activities.

It is nearly impossible to send a reporter to each club meeting, and when a reporter is dispatched they often are unable to find a club member who can give them the necessary information in the time allowed. We have tried to cover the club activities as well as we could, and we shall continue to do so, but don't get mad if you don't tell us of your club activities and we thus can't print it.

I am glad to say that this reprimand does not apply to all clubs, and that some of them have done best to keep us informed as to their doings. My thanks to those clubs, and I hope the rest see fit to do so too.

## Pom-Pom Girls Ready For Game

The Pom-Pom girls have been working, fervently, everyday getting into shape for the Homecoming Game. Miss Handley who has been the girls' advisor said that the girls will appear next week with new costumes and a couple of new routines.

The Pom-Pom girls are: Jenean Brantley, Lola Teana, Anita Martindale, Ellen Gerbrick, Mary Ann Baldwin, Carolyn Whitney, Judy Blair, Delores Dickison, Angie Hernandez and a new addition, Marge Pretto.

Mary Ann Baldwin, having had previous experience as a pom-pom girl, is helping the others. She is, unofficially, the leader of the group.

The girls will appear tomorrow

## Aslanian Praises Choral Group

Mr. Vahé Aslanian, Hartnell choir director, states he is highly gratified with the promising choral group attending Hartnell this year. Over half, twenty-nine of fifty members, are from Salinas, proper.

Most of these students have had previous choral training under the able direction of Miss Esther Ingham, choral director of Salinas Union High School. Miss Ingham's choral work in past festivals has been outstanding and received much public acclaim.

Mr. Aslanian states he is grateful to have these students with such a splendid vocal background. night wearing corduroy maroon jumpers, white blouses, white shoes, and gold belts.

## Hartnell Sign Is Still Gone

The Hartnell Administration Office and the Salinas Police Department report that there are no further clues in the disappearance of the Hartnell sign from the corner of Homestead and Alisal Streets.

The sign, put up during the second semester last year, was stolen by unidentified persons on the night of October 7. It was ripped off the concrete base and carried off without detection, and loss was not reported until morning.

As the sign was on district property, the removal of the sign was vandalism, and called for police investigation. The absence of clues, however, has prevented any action in the matter.

## Homecoming Dance

Don't forget the Homecoming dance to be held after the game tomorrow.

The dance will be held in the Men's Gym, and the price is \$1.00 for couples with student body or alumni cards, and \$1.25 for couples without student body cards. The dance is to be dressy-sport.

Enjoy Homecoming Day and attend the dance!

Hartnell not only went to the Junior Rose Bowl last year, but also won the Coast Conference baseball championship.

Positions are still open on the Panther Sentinel staff.

## International Club Holds First Barbecue

The International Club held its first social gathering of the year Sunday evening at the home of Mr. Aslanian, advisor for the club. The event was a potluck dinner.

For food they had barbecued hot dogs, and entertainment was supplied by Mr. Aslanian, who played some special piano music. The gathering was well attended, and reports are that everyone seemed to enjoy himself.

Club members expressed a wish that many prospective new members will attend the next meeting so that the club may get further started into a year of fun and international fellowship.

The Hartnell School of Agriculture and Mechanics is one of the best in the country.

## Gates At Game To Open Early

Game Coordinator Lloyd Hagquist announced today that the gates at the Homecoming game tomorrow at S.U.H.S. stadium will be opened at 6:00 p.m., rather than at the regular time one-half hour later.

The gates are being opened earlier in order to allow time for all to get in and seated with a minimum of hurry and confusion.

Coordinator Hagquist urges that all be there as early as possible.

## Soroptimist Club Of Salinas Gives Two Loan Funds

Miss Rose Rhyner of the Soroptimist Club of Salinas recently presented Hartnell College with \$100 for a new loan fund.

The fund is to be used for women students who need a loan during the school year, and there is a possibility of an increase in the amount of the fund if there is enough need for it.

The loans from the fund will be administered through the office of the Dean of Women, Miss Handley, and any woman student in need of cash is eligible for it. Applications may be secured from the Dean of Women.

The Soroptimist Club has also established a loan fund at Hartnell for the use of International Students. This fund will take the place of the scholarship fund previously given by the Soroptimists to one of the Hartnell graduates each year.

Tony Teresa, Hartnell's split-T caller has decided to take up accounting. Statistics piled up by the outstanding back includes a 53 per cent pitching average. His aeriels have gone for 335 yards and five touchdowns. When not passing he has racked up 9.3 yards per carry on running plays in three games.

The Hartnell cafeteria staff will be wearing new uniforms henceforth. They received them Thursday morning.

## DID YOU KNOW . . .

By RICK OLIVER

- . . . that a committee, made up of former outstanding players, will select the outstanding player at the Homecoming game?
- . . . that Ellen Denton is now Mrs. Ellen Gerberick?
- . . . that El Camino Press prints this paper for Hartnell.
- . . . that William Kipura collects stamps and sells them. A hobby made into a business in his leisure time.
- . . . that a FREE swim is awaiting all student body card holders at the Salinas Y.M.C.A. between 5 and 7 o'clock?
- . . . that Irene Pletschet is getting married sometime around Thanksgiving to Bill Delucchi, a chemist. They will reside in Stockton.
- . . . that a new dance has been developed by Doris Feustel. It is called the "Monkey Hop." Get her to show you how it's done!
- . . . that since Dave Lewis has left Hartnell to attend Golden Gate College, Doris Simon is now vice-president of the student body?
- . . . that there is going to be an election for a sophomore representative?
- . . . that Maria Manuela was interviewed on television last week? She was questioned about her homeland which is Portugal.
- . . . that there is a new club being formed in town for young business men. This will be the "Y's Men" club, which is international.
- . . . that the sophomore men were being smeared with pancake makeup before having their pictures taken?
- . . . that the International Club has a very successful potluck at the home of Mr. Aslanian last Sunday night?
- . . . that Don Ekerson was in charge of the sophomore pictures. He did a terrific job.
- . . . that the older you get the more you realize that kindness is synonymous with happiness?

## THE G.I. BENEFITS EXPLAINED

This Is the Last in a Series of Three Articles  
By J. R. INGRAM

Today, we discuss the fifth and final G.I. benefit — loans. The loan benefit in the Korean bill is almost identical to that still in effect from World War II. The V.A. will guarantee or insure loans made by private lenders to veterans; to buy, to build, or to improve a home; to buy or to equip a farm; to buy, to start or to expand a business. The VA does not lend the money, except in certain cases. The veteran must get his loan from a regular lending institution.

### "Loan Guaranteed"

The VA will then guarantee that lender against loss within the following limits: On home loans, up to 60 per cent of the loan, with a top of \$7,500, on other real estate loans, up to 50 per cent, with a \$4,000 top; on non-real-estate business loans, up to 50 per cent, with a \$2,000 top. As before, the interest rate cannot exceed 4 per cent a year on the unpaid balance. The deadline for borrowing is ten years after the end of the present emergency.

Finally, we come to the World War II veteran who went back into service: if he never used his previous G.I. loan rights, they will be cancelled and he'll get a new eligibility under the Korean G.I. bill. If he did use his earlier G.I. loan privileges, the picture becomes a bit more complicated. He may be able to get a guarantee on a new loan as a result of his Korean service, but he will have to consult his VA office to find out exactly what he has coming.

### "Basic Rule"

The basic rule is this: from the maximum guarantee that's due under the Korean bill, the VA will deduct any amount it guaranteed before on any loan for which the veteran or the VA is responsible in any way. Suppose, for example, a World War II veteran buys a home and receives a \$7,500 guarantee on the loan. After Korean service, he wants to buy a new home and get a new guarantee for that purpose. He won't automatically become eligible for it just by selling the first home. He can get it only when that original loan has been repaid or refinanced, so that he and the VA are completely off the hook on it. If the buyer just assumes the payments on the existing G.I. loan, the veteran's responsibility and the VA's guarantee still stand, so he's

## News Notes

By INGRAM

As DIOGENES once said, "The foundation of every state, is the education of its youth." The graduate class of 1953, apparently intends to prove this point.

It is with pride that the Panther Sentinel submits the following statistics of the graduate class of 1953. From a total of 79 graduates, 61 have gone on for higher learning.

San Jose State College leads with an enrollment of 23, followed by University of California, Berkeley, with 12. San Francisco State College shows 11, and others; Stanford 5 California Polytechnic 4, University of California, Los Angeles, 4, and University of Santa Clara 3.

Thirteen have gone far afield and are scattered from Oregon to Nevada and Texas. Several students have returned to Hartnell for post-graduate work in special fields.

During the 1952 season Hartnell College won 10 straight games before being selected for the Pasadena Junior Rose Bowl.

not in the clear for a new guarantee. That basic rule, however, is not the whole story.

### "Loans Vary"

There are a lot of variations, involving the type, amount, and status of the loan. So it figures, you must check each individual case with your VA office. Those, then, are the highlights of the new G.I. Bill of Rights; the readjustment aids are extended to men who serve during the current conflict in Korea. Remember, these five benefits are of the utmost importance in any future planning of any serviceman or service-man-to-be. Keep an eye on 'em and keep briefed in all changes arising hereafter.

## THE POET'S CORNER

Three Monkeys sat in a cocnut tree  
Discussing things as they're said to be.  
Said one to the other, "Now listen you two,  
There's a certain rumor that can't be true,  
That man's descended from our noble race,  
The very idea! It's a dire disgrace;  
No monkey ever deserted his wife,  
Starved his baby and ruined her life,  
And you've never known a mother monk  
To leave her babies with others to bunk  
Or to pass them on from one to another  
Till they scarcely know who is their mother.

And another thing! You'll never see  
A monk build a fence around a cocanut tree,  
And let the cocanuts go to waste,  
Forbidding all the other monks a taste.  
Why, if I put a fence around this tree  
Starvation would force you to steal from me.  
Here's another thing a monk won't do:  
Go out at night and get in a stew;  
Or use a club, or knife  
To take some other monkey's life.  
Yes, man descended, the ornery cuss,  
But, brother he didn't descend from us!"

—Contributed by V.H.

## Club Meeting Dates Given

The schedule of club meetings released by the Interclub Council has been completed. Club meetings and their times is as follows:

The International Club, Alpha Gamma Sigma, Young Farmers, Men's Club and the Flying Club will all meet on the 1st Tuesday of the month at 12 noon.

The Religious Clubs, Delta Psi Omega, Colhecon and Ski Club will all meet on the 2nd Tuesday of the month at 12 noon.

The International Club, Alpha Delta Epsilon, Associated Women Students, and Block "H" club will meet on the 3rd Tuesday of the month at 12 noon.

The Religious Clubs, Hawaiian Club, Women's Athletic Association and Rooter's Club will all meet on the 4th Tuesday of the month at 12 noon.

The Commission meets every Monday at 12 noon in Room 4 and the Inter-club Council meets every Friday at 12:15 in Room 3.

Meetings at 4:00 are still open to any clubs who wish to meet at that time. Special meetings will be held on each 5th Tuesday in the month, so long as the date and time is approved by the Inter-club Council.

## Choir Prexy Pickles Is In Student Affairs

Rodney Pickles, of Gilroy, newly elected choir president, and member of the International Club, hails from the town of Nelson, County of Lancashire, England.

Strange as it may seem, our college founder, William Petty Hartnell, also was born in a small village in the County of Lancashire, closely adjacent to Pickles' home town of Nelson.

Pickles is not an exchange student. He came to the United States with his parents in 1951, and now makes Gilroy their permanent home.

While Rodney is majoring in Electronics, his extracurricular activities are quite extensive. In addition to singing tenor in the choir, he also plays trumpet in the Hartnell Band. At present he is trying hard to obtain a radio operator's "ham" license.

When questioned in regard to his future scholastic endeavors, Rodney pointed out that he intends to take his tour of military duty immediately after graduation in June. After that he wants a little time to decide which University to enter after his release from "Uncle Sam."

## Anny Reads the Classics

By ANN NONYMOUS

From the very first time my English instructor told me to learn all about the classics I have been going, to coin a phrase, like a house afire.

My first trip to the library was out of this world, well, not quite, but I took the wrong turn at the end of the south hall

and ended in a lettuce field about three miles out of town. I knew it wasn't the library because Linda Lawrence was there with two slices of bread and a butterfly net looking for bugs or something.

The library, oh, what a wonderful place for words. Of course, it was all cluttered up with books and the coke machine wasn't working, but it was wonderful anyway.

Our librarian was wonderful to me. She knows where all the books are, but I couldn't find them because my spelling is mostly disfigured from years of abuse. I saw Don Eckerson in the library with a compus and rotor for a helicopter. Don claimed he was looking for a landing field for wayward flying saucers.

Oh yes, my work with the classics. First I wanted to read Chaucer, that's a fellow who rode on buses or stages and had everyone tell each other a story so he could talk the driver out of his fare. I didn't like that classic because he was going to Canterbury and . . . well, after all, they didn't even have a Hartnell student driving the stage.

One book I read for two hours, in between lunch with General Fryer and staff, was really Greek to me. As a matter of fact, after two hours I found out it was written by a bird called Homer and it was in Greek. I stopped reading it immediately because I know I can't read Greek.

To tell you the truth, they have one book in the library that isn't worth reading. The way it goes is a fellow by the name of Webster wrote the darn thing. Rather short paragraphs and very, very poor English. Mr. Cassidy or Miss Perry would never stand for a theme of mine written like that.

The first thing you find out is Webster's book has no plot. From Chapter A to the last one—I think it's Z, the entire book is pointless. Yet they tell me it's a classic. Webster, strictly a corny writer, starts off with a thin plot. A, he claims, "which came from Greek. Just think of that, Miss Perry. Suppose I wrote a theme and said, "Jerry which came from Greek." Why, of course, it should have read, "A came from Greece."

That isn't all. He tosses in aardvark just like we knew what he meant. No buildup or anything.

Just plain aardvark.

I began to suspect he was padding the book when I wound up with the last printed paragraph which stated, and please note Mr. Joseph McCarthy, "CAUTION! The Genuine Series of Webster's Dictionaries can be identified by a circular trademark on the front cover. . . ." Come, come, Mr. Webster, why all the fuss. John Steinbeck doesn't caution readers to look for the little round circle on the cover of Grapes of Wrath.

The classics are mostly books in the library. That's easy to see once you get there. Of course they lack the plot of Batman Comics, or the depth of Superman. You must admit the latter contain more of a plot than Webster's attack on literary progress.

May I point out that some of the books are just too heavy. I know that the students would have an awful hard time pressing castus buds in some of the books. I think the heavy books tend to smash daisies and tulips. Of course there are other than the classics . . . but goodness, when pressing flowers insist on the classics. They're firm, solid, fully packed and so easy on the floor.

## Majorettes To Perform At Game

The Hartnell Majorettes will be in action for the Menlo game tomorrow night.

The baton artists will be led by Diane Ledin, who has had previous experience at it, and who has been teaching the other girls the routines.

One other girl, Veretta Snider, is also back from last year. The two majorettes new this year are Penny Sauer and Darline Aston.

When the girls appear on Homecoming they will be wearing gold hats, maroon uniforms, and white dress boots. They have prepared several new routines to be used this year.

Anyone interested in helping with the decorating of the stadium please contact Troy George, Rick Oliver, or come to the stadium at 2 o'clock Saturday afternoon.

# Panthers Meet Menlo Oaks Tomorrow

## Voris Hopes For Seventeenth Win To Celebrate Homecoming Day

Nearing the end of their long rest period, the Hartnell Panthers, national co-champs, return to the gridiron against the Menlo Oaks. The local high school stadium will be the meeting place for these two teams who both open the Northern California Junior College Coast Conference this Saturday night.

If the Panthers put this clash in the bag, it will be the 17th straight victory for Voris' eleven. Not only are the boys looking for their win, but a victory certainly would impress the Junior Rose Bowl officials who may be present.

Upsets are common this year—meaning the powerful Menlo Oaks could easily turn the tables on the Pasadena-bound Panthers. The Oaks so far this season have a lost to City College of San Francisco, a win over San Francisco State, and again a very close upset loss to San Mateo. Voris, a spectator of the game said "Menlo should have won." So no one really knows what this team will come up with.

The Hartnell squad, turning back the somewhat weak L.A. Harbor team 45-0; San Mateo 25-0; and the powerful Bulldogs of Riverside 39-20, hope to remain successful.

Clive Bullian and Tony Teresa will be looked upon by the fans Saturday to lead the Panthers to victory. On the ground Teresa has 9.3 yards average per carry. In the air this split "T" sensation is the master. He has thrown 34 passes completing 18 for a 53 percent average.

Bullian who is the squad's top ground gainer has counted 40 points on 34 carries for 297 yards. Not to be forgotten are two of the Nation's best J.C. linemen on hand at the present time. Big Jim Crain 185 pound six-foot-one end, and the aggressive 190 pound Dick Herman playing guard for the Panthers. Bullian, Crain and Herman were all-conference last year.

## Gaboon At Stake In Menlo Game

Each year, at Homecoming, "Ye Ole Gaboon," is presented to the winner of the game. So far, the gaboon has been passed alternately between Hartnell and Menlo since it was first presented.

At the end of the Homecoming game of 1947, Mr. R. W. Daugherty presented "Ye Ole Gaboon" to the winning team which was Hartnell. The final score being Hartnell 41, Menlo 20.

The Gaboon is actually a spittoon which could be found in any Barber Shop in the old days. Speaking of old days, the reason we play Menlo for Homecoming is that, before Monterey Peninsula College came into existence, Menlo was our rival college.

You may see "Ye Ole Gaboon" in the trophy case in the main hall (that is, if the faculty hasn't taken it out and hidden it) because we won it last year.

COACH DICK VORIS

### Outstanding Player Committee Named

Each year there is an outstanding player committee appointed to select the outstanding player in the Homecoming game.

This year the committee is made up of Russ Bolke of Carmel, Ed Dysle from Santa Cruz, Bill Whited from Watsonville, and Everett Skrine, who is back East at present and will miss the game will be replaced by Norm Green. Art Froli, a very well-known player from last year, will be the final member of the committee. Art is at present in the Army, and stationed at Fort Ord.

Last year had so much trouble trying to select the outstanding player that they picked the entire team.

### Football Notes

Clive Bullian just won't let Tony Teresa get the best of him.

Clive announced this week that his wife presented him with a seven-pound baby boy. The Bullians have decided to call him Mark.

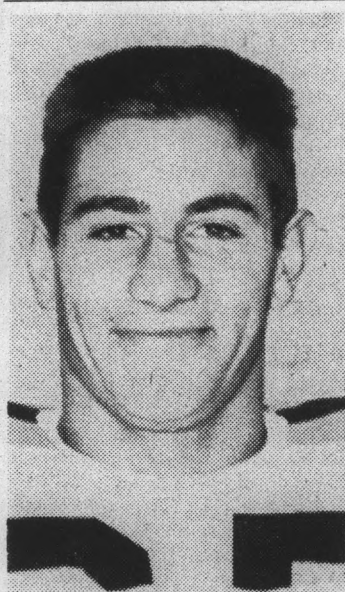

Clive jokingly pointed out that he got tired of hearing Tony complain about all the extra assignments at home. You see, both Tony and Clive are now the only fathers on the Hartnell squad.

Those football filberts who think Hartnell is a great running team should take a look at their pass exception department. The Panthers have caught 23 passes good for 373 yards and six touchdowns.

In the 1952 Junior Rose Bowl at Pasadena, Hartnell College of Salinas tied Bacone College of Muskogee, Oklahoma, 20 to 20.

## Voris and Seasoned Panthers Ready To Go Tomorrow Night

Coach Dick Voris will unleash his hungry Hartnell Panther line against an underdog Menlo Oak eleven here in the high school stadium Saturday night, hoping to extend their winning streak to 17 straight.

Hartnell's well seasoned veteran line, long on experience,

but shaded on publicity, is actually Coach Voris' secret weapon. No fewer than five former 1952 all-conference linemen are holding down berths. All-conference men leading the charge on the forward wall will be John Perkins, center; Jim Brandon and Dick Herman at guards, Jerry Ledin at right tackle and Jim Crain at right end. Ken Coronado, who stands 6-3 and tips the scales at 225 pounds will add to weight of the line play.

All set to perform their bag of tricks against the visitors are Tony Teresa and Clive Bullian. Teresa, the rage of the big-time college scouts, is set to show the Menlo club his top aerial antics from his split-T signal calling spot. And the Hartnell quarterback is sure to improve his record against the Panthers' Coast Conference foe. It was only last week that the Oaks were dumped by San Mateo, a team the locals easily trounced, 25-0.

Bullian, one of the nation's out-

standing backfield performers, is 'raring to ramble. Already this season he has racked up 40 points on dazzling offensive dashes against Los Angeles Harbor, San Mateo, and Riverside.

Despite the unimpressive showing of Menlo in their last conflict the Panthers aren't napping in their Salinas lair. They fully realize that should the visitors play as they did in wins over City College of San Francisco and the San Francisco State Frosh, Hartnell would be in for a supreme test.

Like Pappy Waldorf of Cal, Voris fears everybody. He said this week that "the toughest club to beat is one just whipped by another team." The Hartnell gridders have never been beaten with Voris at the helm and they don't plan to set any precedent in this week-end's big Homecoming contest.

A crowd of 5,000 is expected to view Saturday night's conference opener for both squads.
